

## CNB Bank

Whether it's a new home or a new investment, making it yours is our focus at CNB Bank. For over 80 years, we've been working with neighbors and friends in our communities to give them quick and easy access to the banking products they want and need.

Financial options from opening a free checking account for a new graduate, assisting a customer who is preparing for retirement, helping a neighbor purchase a new home, or supporting a local business's expansion, CNB Bank's success has always come from serving others.

CNB Bank is dedicated to investing in our community. Strong local ownership and decision making has allowed CNB Bank to grow and prosper along with our customers. Founded in the eastern Panhandle, CNB Bank expanded into Washington County a decade ago. Most recently, we opened an office in the historic Grand Piano Building in downtown Hagerstown as well as a full-service branch in the Long Meadow shopping center.

Each year, CNB Bank gives back to the community by providing contributions to local schools, fire and rescue companies, local Chambers of Commerce, United Way, Brooke's House, and other non-profit organizations. We encourage employee to join and to volunteer time to organizations that give back to the community, just as we do.

Count on CNB Bank. Your Community. Your Bank.
